"The best overall survey of the politics, regional rivalries and economics of the contemporary Arab world."

—**THE WASHINGTON POST**

---

**OVER THE CENTURIES** the Middle East has confounded the dreams of conquerors and peacemakers alike. This now-classic book follows the historic struggles of the region over the last two hundred years, from Napoleon's assault on Egypt, through the slow decline and fall of the Ottoman Empire, to the painful emergence of modern nations, the Palestinian question, and the resurgence of Islamic fundamentalists.

*Economist* journalist and Middle East correspondent Nicolas Pelham has fully revised and updated this fourth edition to include further analysis of recent developments throughout the Middle East, including the wars in Iraq and Afghanistan, the situation in Iran, the continuing Arab-Israeli conflict, relations with the United States, and recent events in Syria.

*A History of the Middle East* is essential reading for anyone wishing to understand one of the most crucial and volatile regions of the world and its prospects for the future.

"An excellent political overview."

—**THE GUARDIAN** (London)

"A brilliantly deft and well-informed guide . . . coherent, dispassionate and remarkably inclusive."

—**THE TIMES EDUCATIONAL SUPPLEMENT** (London)
